Dear Paul,

Are you satisfied that reference to ONI files (Don Gorham) in CD 1370a (identical with part of CE1412) includes nothing not in the microfilmed copy of the ONI file on microfilm?

This relates to Oswald's literature distribution at the Dumaine St. Wharf. I have no reason to suspect it does not, but there is the reference to it having "98%"/

Reference is to the last two paragraphs of the first page of 1370a.

Sincerely,

Harold Weisberg
